SKU	458837
Countries recognized	218 (complete list at www.irislink.com)
Installation and user interface languages	19 (Chinese (simplified & traditional), Czech, Dutch, English, French, German, Hungarian, Italian, Japanese, Korean, Polish, Portuguese (Brazil), Portuguese (Portugal), Romanian, Russian, Spanish, Turkish, Ukrainian).

Key benefits

- **Automatically extracts data from scanned business cards**
Cardiris™ takes care of the retyping job for you!
- **Advanced synchronization with Microsoft Dynamics® CRM**
Specific field mapping for integration with Microsoft Dynamics® CRM 3, 4, CRM Online (Cloud), Salesforce™ and Google™ contacts.
- **Advanced image processing**
Improve recognition by adjusting brightness, contrast, despeckling and check the improvements in real time. Let Cardiris™ do the job for you, or adjust the scanned images manually.
- **Customizable fields and categories**
Add searchable, customizable fields and categories to your contact's data and export them in csv, xml, html, Excel® and Outlook®.
- **Contact management software**
Use Cardiris™ 5 as your major contact manager or choose to export the retrieved data into your favorite contact manager (Outlook®, ACT!®, etc.).
- **Powerful duplicates management tool**
Keep your business contacts up to date! Ask Cardiris™ to automatically compare all your business cards, and determine what info/contact you want to save, update or discard.
- **Easy export to Excel®**
Use all the retrieved information from your business cards in Excel®. Search and sorts your contacts. Organize emailings and mail merges.
- **218 countries recognized**
No matter where your contact is from, Cardiris™ 5 will recognize her/his business card in a snap!
- **19 installation and user interface languages**
The installation and user interface are localized in 19 different languages.

Minimum requirements
